Re: AK-002255-1
John M. Asplund Facility

Dear Sir:

I am pleased to announce my determination to issue a National Pollutant Discharge Elimination System wastewater discharge permit to your facility pursuant to section 402 of the Federal Water Pollution Control Act Amendments of 1972. The enclosed document is your official copy of the permit and demonstrates that your facility is duly authorized to discharge to the receiving waters subject to certain specified requirements.

Violation of the permit's terms and conditions is subject to stringent civil and criminal penalties. Please note the monitoring, recording, and reporting requirements that must be met, as well as the procedures to be followed in the case of noncompliance with any permit requirement. Enclosed for your use are five copies of EPA Form 3320-1, Discharge Monitoring Report.

This permit will become effective and be deemed issued on January 20, 1975, unless a request for adjudicatory hearing meeting the requirements of 40 C.F.R. 125.36 is submitted within 10 days of your receipt of these determinations. If a request is granted, any contested permit provisions (or uncontested provisions inseparable from contested provisions) will be ineffective until a resolution of the issues raised by the request. You will, however, be subject to any uncontested permit provisions. A copy of 40 C.F.R. 125.36 (b) is enclosed.

Sincerely,

Clifford V. Smith, Jr., Ph.D., P.E.
Regional Administrator
